

Crimsafe iQ

Featuring 0.9mm mesh

Australia's strongest, smartest, most technologically advanced mesh security screen door.

As Australia's strongest, smartest, most technologically advanced mesh security screen door, Crimsafe iQ delivers unrivalled protection for your family, home or business. Years of research and development have culminated in the only mesh security screen door in Australia to pass the European RC2 Test; a test far more stringent than Australian Standards. Because of this, Crimsafe iQ is now officially the strongest stainless steel mesh security screen door in Australia.

Crimsafe iQ is reinforced with more locking points than other Crimsafe security screen doors and features anti-crowbar heavy-duty hinges, anti-lift pins and a wider, stronger frame. With the choice of mechanical (iQ-m) or electronic (iQ-e) locking options, Crimsafe iQ provides maximum security, convenience and flexibility. The iQ-m door features five individual lock modules, providing ten-point locking and a mechanical lock. The iQ-e door features three lock modules, providing six-point locking system and electronic access options including keypad, Bluetooth and key fob.

Crimsafe iQ comes with the assurance and peace-of-mind of a 15-year extended warranty.

The Crimsafe iQ Profile

304 structural-grade stainless steel mesh

Exclusive Screw-Clamp™ fastening system

0.9mm mesh

Withstands up to 750 Joules of impact*

6 or 10 locking points

15-year extended warranty

If it's not Crimsafe, it's not crim safe.

Why choose *Crimsafe*iQ

Can withstand up to 750 Joules of impact*	Integrates seamlessly with smart technology	Added security of anti-crowbar, heavy-duty hinges	15-year Extended Warranty
Passed the European RC2 Test^	Mechanical or Electronic locking options	Wider, stronger frame	Australian Made

The Crimsafe Range

Features	Classic	Ultimate	iQ
