Iconic WPC Hybrid Click

FLOORING FOR FLOATING INSTALL

Our ICONIC next generation WPC Hybrid flooring is dimensionally stable, exceptionally durable, and interior water resistant for topical spills. It's perfect for modern housing & multi-residential apartments. ICONIC is coated with a scratch resistant water-based PU coating for everyday wear and tear. ICONIC planks also feature an attached acoustic IXPE foam layer that delivers excellent noise reduction in-room and for transmission sound between floors.

For warranty support our hybrid floors must be installed with 200µm builders' film on all subfloors to impede either moisture from below or concrete vapour ingress. Installation guidelines including perimeter & room to room expansion requirements must be followed for warranty compliance. The IXPE underlay is acoustic only, it is not a moisture barrier.

Standout Look, Amazing Features

Interior water resistant, check local building regulations for suitable areas of use.

WPC flooring offers good dimensional stability with super width planks and Click profile.

Suitable for renovations over existing ceramic tiles, minimal telegraphing.

Excellent acoustic performance. L'nT,w 39 - AAAC^s star rating, 6 Star, Complies with NCC/BCA.

Technical Specifications

DESCRIPTION & PROFILE

WPC construction. Patented Click profile. Micro Bevel edges, V4.

FIRE TEST

CHF Value 9.6Kw/m². Smoke Value 304% min.

VOC EMISSIONS

< E1, FloorScore Certified SCS-EC10.3-2014 v4.0.

SLIP RATING

AS 4586:2013 Appendix A, Wet Pendulum P3 & Oil-Wet Inclining Test R10.

SURFACE FEATURES

Realistic timber visuals, colours, and textures. Water based PU Matte coating.

ACOUSTIC VALUE

Attached 1.5mm acoustic underlay to enhance walking comfort and minimise impact and transmission sound.
